AWS console screenshot showing the EC2 instance details for 'ubuntu' (Instance ID: i-031e91bc6052d0f64). The instance is running in us-west-2, t2.micro type. The public DNS is ec2-54-189-84-220.us-west-2.compute.amazonaws.com. The instance is running on the ubuntu image.

Below the screenshot, a browser window shows the 'Welcome to nginx!' page, indicating that the nginx web server is successfully installed and working. The page includes instructions for further configuration and links to nginx.org for documentation and support.

Welcome to nginx!

If you see this page, the nginx web server is successfully installed and working. Further configuration is required.

For online documentation and support please refer to nginx.org.
Commercial support is available at nginx.com.

Thank you for using nginx.

Windows taskbar and system tray area showing the time as 8:13 PM on 8/18/2020. The taskbar includes icons for MobaXterm, search, and other applications. The system tray shows network, volume, and power icons.
